

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/11/2020

Under ODE's **Ready Schools, Safe Learners** guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Grants Pass School District No. 7
Key Contact Person for this Plan	James Goodwin
Phone Number of this Person	
Email Address of this Person	jgoodwin@co.josephine.or.us
Sectors and position titles of those who informed the plan	Superintendent Curriculum, Technology, Student Services: <ul style="list-style-type: none">● Director of Elementary Education● Director of Secondary Education;● Director of Technology● Director of Student Services● Building Administrators● Licensed Staff● Classified Staff

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

	<p>Human Resources:</p> <ul style="list-style-type: none"> ● Director of Human Resources <p>Finance and Operations</p> <ul style="list-style-type: none"> ● Chief Finance & Operations Officer ● Maintenance Supervisor ● Food Services Supervisor ● Transportation Supervisor ● Print Shop Supervisor ● District Nurse
Local public health office(s) or officers(s)	Michael Weber, Josephine County Public Health Director
Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	Ryan Clark, Lead Teacher
Intended Effective Dates for this Plan	August 24, 2020
ESD Region	Southern Oregon ESD

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

Parents, students, and teachers have participated in surveys; teacher committees conducted numerous brainstorming and planning sessions for 'reopening schools' and identifying and adopting a new learning management system; both collective bargaining units have engaged in negotiations; the district established a COVID Safety Team to review plans and protocols; weekly communications have gone out to families (responses and questions continue to inform our FAQ document and all communications are translated in spanish); two virtual town hall meetings were held for patrons to share plans and answer questions; specific meetings and planning sessions have been held with specialists and teachers who support students on IEP's; we have contracted Maslow Project staff services in planning for our homeless populations; a separate town hall has been conducted for families of students with disabilities

3. Indicate which instructional model will be used.

Select One:

On-Site Learning Hybrid Learning Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-16 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dff75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dff75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning.

Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

n/a

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

n/a

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

n/a

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section.

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Implement measures to limit the spreads of COVID-19 within the school setting. <input checked="" type="checkbox"/> Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19. <input checked="" type="checkbox"/> Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA. <input checked="" type="checkbox"/> Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school policies and plans. Review relevant local, state, and national evidence to inform plan. <input checked="" type="checkbox"/> Process and procedures established to train all staff in sections 1 - 3 of the Ready Schools, Safe Learners guidance. Consider conducting the training virtually, or, if in-person, ensure physical distancing is maintained to the maximum extent possible. <input checked="" type="checkbox"/> Protocol to notify the local public health authority (LPHA Directory by County) of any confirmed COVID-19 cases among students or staff. <input checked="" type="checkbox"/> Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas. <input checked="" type="checkbox"/> Process to report to the LPHA any cluster of any illness among staff or students. <input checked="" type="checkbox"/> Protocol to cooperate with the LPHA recommendations and provide all logs and information in a timely manner. <input checked="" type="checkbox"/> Protocol for screening students and staff for symptoms (see section 1f of the Ready Schools, Safe Learners guidance). <input checked="" type="checkbox"/> Protocol to isolate any ill or exposed persons from physical contact with others. <input checked="" type="checkbox"/> Protocol for communicating potential COVID-19 cases to the school community and other stakeholders (see section 1e of the Ready Schools, Safe Learners guidance). <input checked="" type="checkbox"/> Create a system for maintaining daily logs for each student/cohort for the purposes of contact tracing. This system needs to be made in consultation with a school/district nurse or an LPHA official. Sample logs are available as a part of the Oregon School Nurses Association COVID-19 Toolkit. <ul style="list-style-type: none"> ● If a student(s) is part of a stable cohort (a group of students that are consistently in contact with each other or in multiple cohort groups) that conform to the requirements of cohorting (see section 1d of the Ready Schools, Safe Learners guidance), the daily log may be maintained for the cohort. ● If a student(s) is not part of a stable cohort, then an individual student log must be maintained. <input checked="" type="checkbox"/> Required components of individual daily student/cohort logs include: 	<p>To limit the spread of COVID-19 we will be following the guidance from OHA and ODE as well as our local health authority. The District will follow the components of our Communicable Disease Management Plan.</p> <p>Grants Pass School District No. 7 follows these Board Policies:</p> <p>GBEB GBEB-AR JHCC JHCC-AR</p> <p>Staff Member responsible for Maintaining Physical Distancing:</p> <ul style="list-style-type: none"> ● JDEP: Ryan Clark ● District Wide: Sherry Ely ● Maintenance: James Lowe <p>Training Process: Staff will be trained virtually in Sections 1 - 3 and using the Oregon School Nurses Powerpoint presentation on physical distancing, respiratory hygiene, appropriate usage of masks and appropriate hand washing and hand sanitizer use.</p> <p>Critical Contacts: The District works closely with our Local Public Health Authority which is the Josephine County Health Department; as well as Josephine County Emergency Operations, to manage any and all community wide emergencies.</p> <ul style="list-style-type: none"> ● Our Contact at the LPHA is Michael Weber ● Our Contract with Josephine County Emergency Operations is Sara Rubrecht ● Our On-Site Liaison is District Nurse - Martha Covrig <p>Protocol to Notify Health Department:</p> <ul style="list-style-type: none"> ● Ryan Clark will notify Sherry Ely immediately if he becomes aware of a staff or student testing positive for COVID-19. Ms. Ely will immediately notify Mike Weber, LPHA. The same process will be utilized should there be any cluster of illness. ● All contact tracing logs will be made available to the LPHA upon request. <p>Screening Protocol: SEE SECTION 1f Isolation Protocol: SEE SECTION 1i Communications Protocol: SEE SECTION 1e</p>

- Child's name
 - Drop off/pick up time
 - Parent/guardian name and emergency contact information
 - All staff (including itinerant staff, district staff, substitutes, and guest teachers) names and phone numbers who interact with a stable cohort or individual student
- Protocol to record/keep daily logs to be used for contact tracing for a minimum of four weeks to assist the LPHA as needed.
- Process to ensure that all itinerant and all district staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site.
- Process to ensure that the school reports to and consults with the LPHA regarding cleaning and possible classroom or program closure if anyone who has entered school is diagnosed with COVID-19.
- Protocol to respond to potential outbreaks (see section 3 of the *Ready Schools, Safe Learners* guidance).

Contract Tracing Logs: SEE SECTION 1f - Contact tracing or Cohort logs will contain the following information:

- Child's Name
- Drop off/pick up time
- Parent/guardian name and emergency contact information
- All staff who interact with stable cohorts or individual children

These logs will be maintained for at least 4 weeks. Logs will be electronic to the extent possible. For individual logs for which it is not possible to keep an electronic record, those logs will be scanned into a common Administrative Share folder.

Staff members responsible for maintaining the logs at JDEP:

- Ryan Clark, Lead Teacher

Systematic Cleaning: See Sections 2d, 2g, and 2i

1b. HIGH-RISK POPULATIONS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models.</p> <p>Medically Fragile, Complex and Nursing-Dependent Student Requirements</p> <p><input checked="" type="checkbox"/> All districts must account for students who have health conditions that require additional nursing services. Oregon law (ORS 336.201) defines three levels of severity related to required nursing services:</p> <ol style="list-style-type: none"> 1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services. <p><input checked="" type="checkbox"/> Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law:</p> <ul style="list-style-type: none"> ● Communicate with parents and health care providers to determine return to school status and current needs of the student. ● Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services. ● Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations. ● The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the Oregon School Nurses Association. ● Service provision should consider health and safety as well as legal standards. ● Work with an interdisciplinary team to meet requirements of ADA and FAPE. ● High-risk individuals may meet criteria for exclusion during a local health crisis. 	<ul style="list-style-type: none"> ● IEP teams, including the School District Nurse, will convene to determine the learning model for students in high-risk populations. IEP's 504 plans and Health Management Plans will be amended as needed. ● All Plans will be in compliance with IDEA, ADA, and FAPE

- Refer to updated state and national guidance and resources such as:
 - U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020.
 - ODE guidance updates for Special Education. Example from March 11, 2020.
 - OAR 581-015-2000 Special Education, requires districts to provide ‘school health services and school nurse services’ as part of the ‘related services’ in order ‘to assist a child with a disability to benefit from special education.’
 - OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion.

1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings. <input checked="" type="checkbox"/> Support physical distancing in all daily activities and instruction, maintaining at least six feet between individuals to the maximum extent possible. <input checked="" type="checkbox"/> Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc. <input checked="" type="checkbox"/> Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering). <input checked="" type="checkbox"/> Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don’t employ punitive discipline. <input checked="" type="checkbox"/> Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings. 	<p>All Spaces:</p> <ul style="list-style-type: none"> ● Remove all excess furniture to maximize usable square footage ● Seating will be assigned to maximize physical distancing and minimize physical interaction ● Hallways will be marked with one-way directions and markers to keep spacing between students ● Bathrooms will be assigned to classes and/or grade levels ● Every space has been measured to determine usable square footage and how many bodies can be in those spaces based on the required 35 square feet per person; that number will be posted in each room <p>Capacity Calculations:</p> <ul style="list-style-type: none"> ● 998 sq. ft classroom in JDEP ● 400 sq. ft classroom in Turning Point <p>Schedule modifications allow for smaller groups of students. Students have bathroom facilities in their own cells. Traffic flow will be established in a one-way pattern.</p>

1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Where feasible, establish stable cohorts: groups should be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> ● The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases. <input checked="" type="checkbox"/> Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools should plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. <input checked="" type="checkbox"/> Each school must have a system for daily logs to ensure contact tracing among the cohort (see section 1a of the <i>Ready Schools, Safe Learners</i> guidance). 	<p>The JDEP facility by the nature of the facility has students in a solid cohort that does not exceed ten students at a time.</p> <p>Cohorts are tracked in the Juvenile system.</p>

- ☒ Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms.
- ☒ Cleaning and wiping surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort.
- ☒ Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade level learning standards, and peers.
- ☒ Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts.

--

1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease. ☒ Develop protocols for communicating with students, families and staff who have come into close contact with a confirmed case. <ul style="list-style-type: none"> ● The definition of exposure is being within 6 feet of a COVID-19 case for 15 minutes (or longer). ☒ Develop protocols for communicating immediately with staff, families, and the community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding. ☒ Provide all information in languages and formats accessible to the school community. 	<p>Protocols and trainings have been established and scheduled to explain all safety/infection control measures being implemented.</p> <p>Draft protocols and communications have been reviewed and approved in consultation with our local health authority on 7/30/20 for:</p> <ul style="list-style-type: none"> ● communicating with students, families and staff who have come into close contact with a confirmed case ● communicating immediately with staff, families, and the community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding <p>All draft communications are translated to ensure accessibility for everyone in the school community</p>

1f. ENTRY AND SCREENING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Direct students and staff to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. COVID-19 symptoms are as follows: <ul style="list-style-type: none"> ● Primary symptoms of concern: cough, fever (of greater than 100.4°F) or chills, shortness of breath, or difficulty breathing. ● Note that muscle pain, headache, sore throat, new loss of taste or smell, diarrhea, nausea, vomiting, nasal congestion, and runny nose are also symptoms often associated with COVID-19. More information about COVID-19 symptoms is available from CDC. ● In addition to COVID-19 symptoms, students should be excluded from school for signs of other infectious diseases, per existing school policy and protocols. See pages 9-12 of OHA/ODE Communicable Disease Guidance. ● Emergency signs that require immediate medical attention: <ul style="list-style-type: none"> ○ Trouble breathing ○ Persistent pain or pressure in the chest ○ New confusion or inability to awaken ○ Bluish lips or face ○ Other severe symptoms ☒ Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from a parent/caregiver/guardian. Staff members can self-screen and attest to their own health. 	<p>Juvenile Justice employees are considered essential employees. Screening of staff occurs through the team at the facility.</p> <p>Josephine County Juvenile Justice will monitor the entry and screening procedures following county guidelines for youth in detention.</p> <p>Students temperatures are taking daily.</p> <p>New “enrollments” are quarantined for 24 hours when first entering the facility.</p>

- Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the **Ready Schools, Safe Learners** guidance) and sent home as soon as possible.
 - They must remain home until 24 hours after fever is gone (without use of fever reducing medicine) and other symptoms are improving.
- Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19 within the preceding 14 calendar days.
- Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school.
- Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol.

--	--

1g. VISITORS/VOLUNTEERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Restrict non-essential visitors/volunteers. <input checked="" type="checkbox"/> Visitors/volunteers must wash or sanitize their hands upon entry and exit. <input checked="" type="checkbox"/> Visitors/volunteers must maintain six-foot distancing, wear face coverings, and adhere to all other provisions of this guidance. <input checked="" type="checkbox"/> Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been exposed to COVID-19 within the preceding 14 calendar days.	Visitors/Volunteers are not allowed in the facility. Family and legal representatives that visit youth in the facility are monitored.

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Face coverings or face shields for all staff, contractors, other service providers, or visitors or volunteers following CDC guidelines Face Coverings . <input checked="" type="checkbox"/> Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines Face Coverings . <input checked="" type="checkbox"/> If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time, the school/team must: <input checked="" type="checkbox"/> Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students displaying symptoms. School nurses should also wear appropriate Personal Protective Equipment (PPE) for their role.	<ul style="list-style-type: none"> • Staff may supply their own face coverings/face shields. The district will supply face coverings and face shields for those staff requesting one. Staff can access through the warehouse; • Staff will be trained on appropriate use of face coverings; • Accommodations will be made for any student or staff who cannot wear a face covering – these plans will be specific to the individual and will be in accordance with any Doctor’s notes, IEP or 504 specifications. • IEP and 504 meetings will be held virtually to the greatest extent possible.
Protections under the ADA or IDEA <input checked="" type="checkbox"/> If any student requires an accommodation to meet the requirement for face coverings, districts and schools should work to limit the student’s proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include: <ul style="list-style-type: none"> • Offering different types of face coverings and face shields that may meet the needs of the student. • Spaces away from peers while the face covering is removed; students should not be left alone or unsupervised. • Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease; 	

- Additional instructional supports to effectively wear a face covering;
- ☒ For students with existing medical conditions, doctor’s orders to not wear face coverings, or other health related concerns, schools/districts **must not** deny access to On-Site instruction.
- ☒ Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020.
 - If a student eligible for, or receiving services under a 504/IEP, **cannot** wear a face covering due to the nature of the disability, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student’s plan including on-site instruction with accommodations or adjustments.
 2. Placement determinations cannot be made due solely to the inability to wear a face covering.
 3. Plans should include updates to accommodations and modifications to support students.
 - Students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student’s plan.
 2. The team must determine that the disability is not prohibiting the student from meeting the requirement.
 - If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability,
 - If a student’s 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student’s plan prior to providing instruction through Comprehensive Distance Learning.
 3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited on-site instruction, on-site instruction with accommodations, or Comprehensive Distance Learning.
- ☒ Districts must consider child find implications for students who are not currently eligible for, or receiving services under, a 504/IEP who demonstrate an inability to consistently wear a face covering or face shield as required. Ongoing inability to meet this requirement may be evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504.
- ☒ If a staff member requires an accommodation for the face covering or face shield requirements, districts and schools should work to limit the staff member’s proximity to students and staff to the extent possible to minimize the possibility of exposure.

1i. ISOLATION MEASURES

- ☒ Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day.
- ☒ Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day.
 - Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated.
 - Consider required physical arrangements to reduce risk of disease transmission.
 - Plan for the needs of generally well students who need medication or routine treatment, as well as students who may show signs of illness.
- ☒ Students and staff who report or develop symptoms must be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by a school nurse, other school-based health care provider or school staff until they are able to go home. Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields.
 - School nurse and health staff in close contact with symptomatic individuals (less than six feet) should wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Consult a nurse or health care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space.
 - After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol.
 - If able to do so safely, a symptomatic individual should wear a face covering.
 - To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing.
- ☒ Establish procedures for safely transporting anyone who is sick to their home or to a health care facility.
- ☒ Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms.
 - Symptomatic staff or students should be evaluated and seek COVID-19 testing from their regular physician or through the local public health authority.
 - If they have a positive COVID-19 viral (PCR) test result, the person should remain home for at least 10 days after illness onset and 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving.
 - If they have a negative COVID-19 viral test (and if they have multiple tests, all tests are negative), they should remain home until 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving.
 - If a clear alternative diagnosis is identified as the cause of the person's illness (e.g., a positive strep throat test), then usual disease-specific return-to-school guidance should be followed and person should be fever-free for 24 hours, without use of fever reducing medicine. A physician note is required to return to school, to ensure that the person is not contagious.

- Youth are isolated in their cell

<ul style="list-style-type: none"> ● If they do not undergo COVID-19 testing, the person should remain at home for 10 days and until 24 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving. <p><input checked="" type="checkbox"/> Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists).</p> <p><input checked="" type="checkbox"/> Record and monitor the students and staff being isolated or sent home for the LPHA review.</p>	
---	--

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for higher risk activities (see section 5f of the *Ready Schools, Safe Learners* guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Enroll all students (includes foreign exchange students) following the standard Oregon Department of Education guidelines.</p> <p><input checked="" type="checkbox"/> Do not disenroll students for non-attendance if they meet the following conditions:</p> <ul style="list-style-type: none"> ● Are identified as high-risk, or otherwise considered to be part of a population vulnerable to infection with COVID-19, or ● Have COVID-19 symptoms for 10 consecutive school days or longer. <p><input checked="" type="checkbox"/> Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns.</p>	<ul style="list-style-type: none"> ● All students will be enrolled following ODE guidelines. ● No student will be dropped for non-attendance if they are identified as vulnerable, or otherwise considered to be part of a population vulnerable to infection with COVID 19 or have COVID 19 symptoms for the past 14 days ● Students and families will be given the option to enroll in fully online distance learning or hybrid learning ● All attendance policies will follow ODE guidelines

2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input checked="" type="checkbox"/> Grades K-5: Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning).</p> <p><input checked="" type="checkbox"/> Grades 6-12: Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning).</p> <p><input checked="" type="checkbox"/> Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health.</p>	<ul style="list-style-type: none"> ● Attendance will be taken daily following all ODE guidelines ● Attendance policies and plans will encourage staff and students to stay home if someone in their house is sick. ● Site attendance will be monitored and communicated with administration and/or the district nurse

2c. TECHNOLOGY

OHA/ODE Requirements	Hybrid/Onsite Plan
----------------------	--------------------

<ul style="list-style-type: none"> ☒ Update procedures for district-owned or <i>school-owned</i> devices to match cleaning requirements (see section 2d of the Ready Schools, Safe Learners guidance). ☒ Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements. 	<ul style="list-style-type: none"> ● Youth are provided with the technology they need in order to complete their coursework in the facility.
---	---

2d. SCHOOL SPECIFIC FUNCTIONS/FACILITY FEATURES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Handwashing: All people on campus should be advised and encouraged to wash their hands frequently. ☒ Equipment: Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use. ☒ Events: Cancel, modify, or postpone field trips, assemblies, athletic events, practices, special performances, school-wide parent meetings and other large gatherings to meet requirements for physical distancing. ☒ Transitions/Hallways: Limit transitions to the extent possible. Create hallway procedures to promote physical distancing and minimize gatherings. ☒ Personal Property: Establish policies for personal property being brought to school (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If personal items are brought to school, they must be labeled prior to entering school and use should be limited to the item owner. 	<ul style="list-style-type: none"> ● Handwashing: Teachers will be responsible for providing continual instruction to students on appropriate hand washing and appropriate use of hand sanitizers. All students will wash/sanitize their hands following ODE guidance - upon entering the building, before and after meals, before and after breaks/recess, after using the restroom and when moving into a new cohort/room ● Equipment: Equipment will be sanitized by the person using it as soon as they are done and prior to anyone else using the machine. The District is providing Oxivir5 spray and Oxivir wipes. At the end of each day and when all staff have left the building, the custodian will use the fogger to sanitize the entire building. Staff will be trained on all sanitization methods. SDS will be provided for all products being used. ● Events: Field trips will be designed virtually for the school year. All assemblies, special performances, school-wide parent events and other large gatherings will be cancelled, held in a virtual format, or designed in a manner that follows all ODE room capacity and physical distancing guidelines. ● Transitions/Hallways: Directional signage is being installed in all locations to accommodate physical distancing at entrances, in hallways, and outside where students frequently traverse. ● Personal Property: Staff will be instructed to only bring essential personal items to school such as cell phones, water bottles, etc. Lockers will not be used at the secondary school.

2e. ARRIVAL AND DISMISSAL

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal procedures. ☒ Create schedule(s) and communicate staggered arrival and/or dismissal times. ☒ Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the Ready Schools, Safe Learners guidance). ☒ Ensure accurate sign-in/sign-out protocols to help facilitate contact tracing by the LPHA. Sign-in procedures are not a replacement for entrance and screening requirements. Students entering school after arrival times must be screened for the primary symptoms of concern. <ul style="list-style-type: none"> ● Eliminate shared pen and paper sign-in/sign-out sheets. ● Ensure hand sanitizer is available if signing children in or out on an electronic device. ☒ Ensure hand sanitizer dispensers are easily accessible near all entry doors and other high-traffic areas. Establish and clearly communicate procedures for keeping caregiver drop-off/pick-up as brief as possible. 	<p>The Juvenile Justice staff conduct the intakes of all youth entering the facility.</p>

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times. ☒ Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff. ☒ Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized immediately. <ul style="list-style-type: none"> ● Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<ul style="list-style-type: none"> ● Seating: Desks and seating will be arranged to maximize physical distancing so that bodies are 6 feet apart to the maximum extent possible while maintaining 35 square feet per person ● Materials: Students will have their own supplies when possible (ie. pencils, crayons, scissors, notebooks, etc) If any materials are shared, they will be cleaned between uses ● Handwashing: All students will wash/sanitize their hands following ODE guidance - upon entering the building, before and after meals, before and after breaks/recess, after using the restroom and when moving into a new cohort/room

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Keep school playgrounds closed to the general public until park playground equipment and benches reopen in the community (see Oregon Health Authority's Specific Guidance for Outdoor Recreation Organizations). ☒ After using the restroom students must wash hands with soap and water for 20 seconds. Soap must be made available to students and staff. ☒ Before and after using playground equipment, students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol. ☒ Designate playground and shared equipment solely for the use of one cohort at a time. Disinfect at least daily or between use as much as possible in accordance with CDC guidance. ☒ Cleaning requirements must be maintained (see section 2j of the Ready Schools, Safe Learners guidance). ☒ Maintain physical distancing requirements, stable cohorts, and square footage requirements. ☒ Provide signage and restrict access to outdoor equipment (including sports equipment, etc.). ☒ Design recess activities that allow for physical distancing and maintenance of stable cohorts. ☒ Clean all outdoor equipment at least daily or between use as much as possible in accordance with CDC guidance. ☒ Limit staff rooms, common staff lunch areas, and workspaces to single person usage at a time, maintaining six feet of distance between adults. 	<ul style="list-style-type: none"> ● Equipment is cleaned and sanitized between use. ● Staff will monitor for students maintaining 6' physical distancing

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include meal services/nutrition staff in planning for school reentry. ☒ Staff serving meals must wear face shields or face covering (see section 1h of the Ready Schools, Safe Learners guidance). ☒ Students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol before meals and should be encouraged to do so after. ☒ Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items) in classrooms where meals are consumed. ☒ Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts. 	<p>Meals are provided by the Juvenile Justice staff in the facility.</p>

- ☒ Adequate cleaning of tables between meal periods.
- ☒ Since staff must remove their face coverings during eating and drinking, staff should eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces.

--

2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include transportation departments (and associated contracted providers, if used) in planning for return to service. ☒ Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of the bus (see section 2j of the Ready Schools, Safe Learners guidance). ☒ Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This can be done at the time of arrival and departure. <ul style="list-style-type: none"> ● If a student displays COVID-19 symptoms, provide a face shield or face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student. ● If arriving at school, notify staff to begin isolation measures. <ul style="list-style-type: none"> ○ If transporting for dismissal and the student displays an onset of symptoms, notify the school. ☒ Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. ☒ Drivers wear face shields or face coverings when not actively driving and operating the bus. ☒ Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings). ☒ Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines applying the guidance in section 1h of the Ready Schools, Safe Learners guidance to transportation settings. 	<ul style="list-style-type: none"> ● not applicable

2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Clean, sanitize, and disinfect frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (CDC guidance) environments, including classrooms, cafeteria settings and restrooms. ☒ Clean and disinfect playground equipment at least daily or between use as much as possible in accordance with CDC guidance. ☒ Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students. ☒ To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds. 	<p>Cleaning schedules will be developed by the Juvenile Justice staff in the facility.</p>

- ☒ Operate ventilation systems properly and/or increase circulation of outdoor air as much as possible by opening windows and doors, using fans, and through other methods. Consider running ventilation systems continuously and changing the filters more frequently. Do not use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. For example, do not use fans if doors and windows are closed and the fans are recirculating the classroom air.
- ☒ Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments.
- ☒ Facilities should be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see [CDC's guidance on disinfecting public spaces](#)).
- ☒ Air circulation and filtration are helpful factors in reducing airborne viruses. Consider modification or enhancement of building ventilation where feasible (see [CDC's guidance on ventilation and filtration](#) and [American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance](#)).

--

2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ OAR 581-022-2220 Health Services, requires districts to “maintain a prevention-oriented health services program for all students” including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs. ☒ Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC). 	<div style="background-color: yellow; padding: 10px; display: inline-block;">SEE SECTION 1i</div>

2l. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☐ Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach: <ul style="list-style-type: none"> ● Contact tracing ● The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. ● Quarantine of exposed staff or students ● Isolation of infected staff or students ● Communication and designation of where the “household” or “family unit” applies to your residents and staff ☐ Review and take into consideration CDC guidance for shared or congregate housing: <ul style="list-style-type: none"> ● Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible ● Ensure at least 64 square feet of room space per resident ● Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; ● Configure common spaces to maximize physical distancing; ● Provide enhanced cleaning; 	n/a

- Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs.

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level. <input checked="" type="checkbox"/> Establish a specific emergency response framework with key stakeholders. <input checked="" type="checkbox"/> When new cases are identified in the school setting, and the incidence is low, the LPHA will provide a direct report to the district nurse, or designated staff, on the diagnosed case(s). Likewise, the LPHA will impose restrictions on contacts. 	<ul style="list-style-type: none"> • The Josephine County Emergency Operations Center emails out a report each day regarding new cases, presumptive and confirmed and any deaths. • The District will continue with all practices that are in place: <ul style="list-style-type: none"> ○ Physical Distancing ○ Hand Washing ○ Use of Face Coverings • The District Crisis Response Team, The COVID-19 Response Team, and the District Safety Committee will convene in the event there are new cases identified in any of schools or support service locations. • • The District will rely on timely communication from our LPHA as well as Josephine County Emergency Operations and will follow all guidance provided by both organizations which could include such responses as: <ul style="list-style-type: none"> ○ Temporary student and/or staff exclusions ○ Temporary cohort or school closures ○ Full school closure ○ Complete District closure

3b. RESPONSE

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Follow the district's or school's outbreak response protocol. Coordinate with the LPHA for any outbreak response. <input checked="" type="checkbox"/> If anyone who has been on campus is known to have been diagnosed with COVID-19, report the case to and consult with the LPHA regarding cleaning and possible classroom or program closure. <ul style="list-style-type: none"> • Determination if exposures have occurred • Cleaning and disinfection guidance • Possible classroom or program closure <input checked="" type="checkbox"/> Report to the LPHA any cluster of illness (2 or more people with similar illness) among staff or students. <input checked="" type="checkbox"/> When cases are identified in the local region, a response team should be assembled within the district and responsibilities assigned within the district. <input checked="" type="checkbox"/> Modify, postpone, or cancel large school events as coordinated with the LPHA. <input checked="" type="checkbox"/> If the school is closed, implement Short-Term Distance Learning or Comprehensive Distance Learning models for all staff/students. <input checked="" type="checkbox"/> Continue to provide meals for students. <input checked="" type="checkbox"/> Communicate criteria that must be met in order for On-Site instruction to resume and relevant timelines with families. 	<p>In the event of an outbreak we will do the following:</p> <ul style="list-style-type: none"> • Notify the LPHA and Josephine County EOC immediately; • Convene the District Crisis Response team and COVID-19 Response Team; • Communicate as appropriate to stakeholders <ul style="list-style-type: none"> ○ Staff ○ Parents ○ Media • Follow the District's COMMunicable Disease Plan; • Make available our Contact Tracing Logs to the LPHA; • Cancel all events as dictated by the outbreak; • Implement our Short Term CDL Plans; • Reinstate our Grab and Go Meal program; • Keep staff and the community informed regarding the metrics that need to be met to reopen school. •

3c. RECOVERY AND REENTRY

OHA/ODE Requirements	Hybrid/Onsite Plan
----------------------	--------------------

<ul style="list-style-type: none"> ☒ Plan instructional models that support all learners in Comprehensive Distance Learning. ☒ Clean, sanitize, and disinfect surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and follow CDC guidance for classrooms, cafeteria settings, restrooms, and playgrounds. ☒ Communicate with families about options and efforts to support returning to On-Site instruction. ☒ Follow the LPHA guidance to begin bringing students back into On-Site instruction. <ul style="list-style-type: none"> ● Consider smaller groups, cohorts, and rotating schedules to allow for a safe return to schools. 	<ul style="list-style-type: none"> ● Refer to Operational Blueprint; ● See communicable disease plan for sanitization protocols after an outbreak; ● Will work with our Communications Specialist to provide adequate and timely communications and will keep our website up to date with all learning options available to families; ● As metrics allow - we will start bringing students back which may include any or all of the following: <ul style="list-style-type: none"> ○ K-3 in school only ○ Hybrid Models for 4th through 12th grade ○ Hybrid Models for K - 12th grade. ● As we bring groups back we will follow all elements of the Operational Blueprint, i.e., Social Distancing, use of Face Coverings, Sanitation Protocols, Cohorting, etc. ● We will work collaboratively with our bargaining units and all stakeholders - following all ODE, OHA, CDC, and LPHA guidance
--	--

ASSURANCES

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section. This section does not apply to private schools.

- ☒ We affirm that our school plan has met the requirements from ODE guidance for sections 4, 5, 6, 7, and 8 of the **Ready Schools, Safe Learners** guidance.
- ☒ We affirm that we cannot meet all of the ODE requirements for sections 4, 5, 6, 7 and/or 8 of the **Ready Schools, Safe Learners** guidance at this time. We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled “Assurance Compliance and Timeline” below.

	4. Equity
	5. Instruction
	6. Family, Community, Engagement
	7. Mental, Social, and Emotional Health
	8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements <i>Include how/why the school is currently unable to meet them</i>
n/a	n/a
