## FROM THE PRINCIPAL

Dear Parents and Community Members,

This is the annual report card issued by the Oregon Department of Education which offers a comprehensive picture of Redwood Elementary School. During the 2016-2017 school year, Redwood Elementary students participated in the Smarter Balanced Assessment for the third year. The 3rd grade students made growth from the previous year in the area of Reading and Math. Fourth grade students made gains in Math from the previous year, while 5th grade made gains in Reading.

We continue to focus our instruction on Common Core State Standards, as well as having school wide collaboration amongst our teachers in Professional Learning Communities. The PLC teams analyze student data to work on curriculum design,

common formative assessments, and research-based instructional strategies to identify and address student needs.

Family support is important to ensure the success of our students. You can help by monitoring your student's homework, attending conferences and school events, and keeping communication open with the classroom teacher throughout the year. We look forward to partnering with you over the coming year to make sure all of our students reach their potential!

Thank you,

Principal | Christine Mooney

## STUDENTS

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.
