Leaving the Classroom

Grading

- The grades in this class are largely determined by assessments which measure your proficiency in particular state/common core standards.
  - Assessment Examples: Tests, Quizzes, Projects, Essays
- If you do not demonstrate proficiency in an assessment (under 70%), you will have the opportunity to retake the particular assessment. In order to attempt a retake, you must have turned in all assignments due prior to the original assessment.
  - Retake opportunities for assessments such as quizzes and tests will generally be offered before school, during lunch, or after school – not during the regular class period.
- All turned in assignments must be completed – I do not accept incomplete work. As North has implemented a “no zero” policy, all late work will be accepted throughout the quarterly grading periods.
- Grades are weighted in the following format: 90% of the grade based on summative assessments and 10% based on formative assessments.
- I will not be assigning daily homework in this class; you will only take work home when it is not completed during the class period.
- You are required to participate in class! Refusal to participate will result in an “unprepared” in PowerSchool (UP) – this equates as a tardy and can lead to discipline as outlined in student handbook.

Grade Scale:

- 100-90% A
- 89-80% B
- 79-70% C

Late Work

- Late work will be accepted throughout the school year.
- Late work must be completed.

“Every student will have the opportunity to earn the grade they desire!”
